Count Down</li><li>6. Text lines strobe on then hold.</li><li>7. <i>Tons of data</i><br/><i>Showtime is 4 minutes</i></li><li>8. <i>Brain- blurring Speed</i><br/><i>Showtime is 3 minutes</i></li><li>9. <i>The Fastest Data on Earth</i><br/><i>Showtime is 2 minutes</i></li><li>10. Setting Long Distance Data Records<br/><i>Showtime is 1 minute</i></li><li>11. - Host invites attendees to be seated.</li><li>12. Ambulance (siren blaring)</li></ol> | <p>- (Siren waits for a few seconds before video segment)</p>   |
| <p>Introduction</p> <p>- Still: Ambulance</p> <p>- Still: Freeway sign</p> <p>8. - Title: <b><i>“The Leader in High Speed Long Distance Networks.”</i></b></p> <p>- Array of floating products</p>  | <p><b>Host</b> Good (morning). No, this is not a re-run of <i>Rescue 911</i>. I welcome you to the high speed world of <b>NBase</b> and the fastest 10 minutes in enterprise data communications.</p> <p>I’ll tell you how it is possible to send data the distance needed to bring instant traffic information to commuters.</p> <p><b>Host</b> This is the <i>high speed</i> world of <b>NBase</b>.</p> <p>NBase is truly <u>“The Leader in High Speed Long Distance Networks.”</u></p> |

- Title: 1000 to 10 Mbps Products
- Title: Routing and Remote Access
- Title: Optical & LEDs

- Graphic text: **MegaSwitch Solutions**
- Array of products floating in Bkg

- Graphic/Text: **1000 Mbps Gigabit Ethernet Switches and Hubs**

- Graphic/Text: **2 ports to 196**

- Graphic/Text: **NBase Integrates**

- **ATM Connectivity**

**H NBase** MegaSwitch switches, hubs, routers and access devices, and lasers comprise the most versatile LAN distribution solutions in the industry.

From 1000Mbps switches and GigaHubs to 10Mbps switches and hubs. NBase does have the complete solution for your network.

NBase offers versatility in port density, from small SOHO 2-port switches to 196 port devices.

With NBase products you can keep your existing network infrastructure and integrate NBase cutting-edge technology as your needs demand.

Now, let's take a closer look at the technology, and innovative products that are shaping network history.

All **NBase** products share the legacy of high performance... but each is optimized for a different network application.

Highly integrated ASIC based architecture, integrated Gigabit Ethernet, Fast Ethernet, FDDI, and ATM connectivity, plus long distance options no one else can touch.
